

VAN DER VALK
HOTEL MECHELEN

Meetings & Events Brochure 2026

Welcome home!

With more than 120 hotels and a family member at the helm almost everywhere, Van der Valk is a truly unique family business worldwide. A large family that has worked closely together for such a long time naturally gives rise to wonderful stories.

On 18 November 2019, after an almost two-year interior renovation, the four-star Van der Valk Hotel in Mechelen opened its doors as the fifteenth Van der Valk hotel in Belgium.

The hotel is run with great warmth by the Wohrmann family. Coen and Mireille Wohrmann, together with their children, have built a truly special place. Roy Wohrmann, a fourth-generation Van der Valk, leads the hotel alongside his sisters Amber and Joyce and brother-in-law Kevin. The genuine family atmosphere can be felt immediately.

At Van der Valk Hotel Mechelen, the feeling of being at home is central. We want every guest to feel welcome and to enjoy returning. Our team is carefully selected, works closely together, and makes the most of everyone's strengths to provide optimal service.

We are delighted to welcome you to this unique location and will do everything possible to make your meeting or event a great success!

Your meeting or event in a historic setting

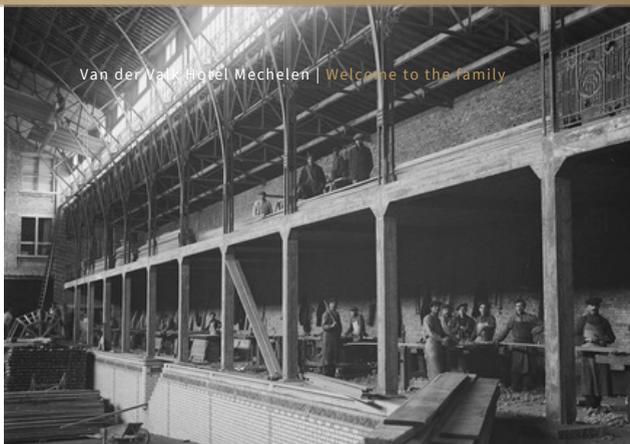

The four-star Van der Valk Hotel Mechelen is housed in “den Ouwen Dok,” a beautiful historic complex that served as the city’s swimming pool for 77 years.

Plans for this municipal swimming pool already dated back to 1869. Construction of the complex only began during the First World War as part of an employment project, intended to prevent the unemployed population of Mechelen from being put to work in the German war industry. It was not until 1924 that the 10,000 m² building finally opened its doors. No expense, effort, or time was spared, resulting in a beautifully finished building.

In addition to a swimming pool, “den Ouwen Dok” also functioned as a bathhouse, where local residents came to wash. For the average inhabitants of Mechelen, there were communal showers, while wealthier residents had access to private bathrooms with bathtubs. Some of these bathrooms have been preserved and are located in the same corridor as the meeting rooms.

The Wohrmann family ensured that the most important feature would become the centerpiece of the new hotel. The old swimming pool has been transformed into a beautiful ornamental pond. Book one of the 56 Poolview rooms and enjoy the view of the pond from your balcony, complete with water plants, fish, and a fountain. If you look closely, you’ll notice the authentic elements of the original swimming pool.

Van der Valk Hotel Mechelen effortlessly combines authentic charm with modern elements. The entire hotel is stylishly furnished with high-quality materials and meticulous attention to detail. The young team brings a fresh approach to service and hospitality.
